EXECUTIVE SUMMARY

After twenty years in education, I am looking for opportunities to conduct inform and train others to help dyslexic people. I will conduct private or group trainings in OG curriculum. Parents, educators, and teachers are welcomed. I want to help close the achievement gaps in dyslexic children in all school settings. The Mission of Step By Step Dyslexia Solutions is to help dyslexic children improve their literacy skills. We want to do this in order that they can realize their full potential and positively impact their communities.

Seminar Presentation: "Teaching Strategies to Promote Language Literacy for Dyslexic Students," Annual International Conference on Education, Hawaii, 2004

PUBLICATIONS

A MESSAGE OF HOPE, How Music Enhances Reading for Dyslexic Students

Dissertation: “The Effects of Music Used Simultaneously with Reading from Scratch Phonics-Based Reading Program to Accelerate Reading Fluency and Comprehension with At-Risk Students,” defended February 21 2014, graduation March 10, 2014

OTHER CREATIONS

Step By Step Reading program which is Orton Gillingham based.

App: Dunking Dyslexia. The app provides a multisensory approach to teaching and learning phonics using music. The program is based on neuroscience of the relationship of music to learning. The app is an optional component to the Step By Step Reading program created by Dr. Marianne Cintron.
