CEREAL SPELLING GARLAND

Follow the directions below to create an edible Christmas garland!

1. Pour a box of "o" shaped cereal on a table.
2. Cut a piece of string or yarn long enough to hang on a mantle or around your Christmas tree.
3. Have your child use the cereal and make letters to spell out a word that starts with an "o".
4. Then string the cereal on the yarn and repeat.
5. Finally, hang your edible garland (or eat it).
