

# STEP BY STEP DYSLEXIA SOLUTIONS WITH DR. MARIANNE

## 2023 VISION BOARD

Create a 2023 Vision Board with your child, focusing on character traits, academic goals or hobbies they'd like to achieve this year!

1. Gather a handful of magazines or newspapers.
2. Help your child cut out words or pictures that reflect what they want to focus on this year.
3. Paste/tape the clippings on a piece of paper or poster board.
4. Decorate with stickers, markers or even glitter.
5. Hang the Vision Board up where your child can see their goals daily!
